

CAUTIOUS

Synonyms: Careful, vigilant, discreet, prudent

Fear of making the wrong choice may cause him to miss some good opportunities.

Nothing escapes her notice. Ever-watchful, she is instantly aware when something is out of place, or doesn't seem quite right.

He is not the type who goes about things recklessly, but is cautious and careful in his approach.

It isn't that she is unfriendly, but in all her dealings with other people there is a strong hint of reserve.

He seems to become ambivalent as he grows closer to another person; thus, one must be empathetic and patient in developing his friendship. Persons of this type will, on the other hand, be most steadfast and dependable friends.

An overly cautious nature may cause him to miss opportunities.

He is at his best when allowed to maintain a discreet distance whereby he can observe what is going on.

Because he is careful and observant, he tends to make correct choices.

She has trouble trusting new acquaintances, so it isn't easy for her to make friends. Keeping others at arm's length, she is afraid of letting anyone in.

In order to minimize all possible risks, he avoids taking chances whenever possible.

He is independent, cautious and objective.

Trust is a commodity he shares carefully.

More comfortable as an observer more than a participant, this individual feels threatened as soon as someone tries to include him

in some social interaction.

You are cautious in love and find yourself feeling vulnerable. Wrong judgments may result because you yield to what others wish, rather than examining your own needs and desires.

He has a tendency to yield to the forceful opinion of others.

Hesitant to assert herself and forcefully take the first step, she is held in compromising positions.

Without the optimistic enthusiasm that gets one caught up in a project or the goal, this applicant tends to be more contained and cautious than necessary.

Your friendly, impetuous nature is somewhat restrained by an inherent cautiousness.
