

## INTEGRITY

Synonyms: honor, character, standards, principle,

She may not yet be ready for major responsibilities, as she is still in the process of developing a set of principles and ethics to live by. In the meantime, her choices may not always be in the best interests of the company.

Although you live by your own internal code of values, you stay true to yourself. If you feel you have appeared less than authentic to someone else, you feel extremely let down and tend to beat yourself up over it.

In the heart of night you may sometimes struggle with the question of whether you've chosen the right path in life, but the bottom line is that you are an honest, loyal and loving person and your conviction of self-worth will continually see you through.

Your personality shines through with symmetry and poise. Deep down inside you believe you are an honorable man with much good to contribute to the world. And anyone who knows you well can tell you that you're right.

A man of personal integrity, you wouldn't think of doing less than your very best for someone who treats you fairly.

This is someone you can trust with your deepest secrets. She will uphold confidences, never disclosing information that is meant to stay private.

Because you are perceptive of others' reactions, when you suspect your work doesn't quite meet their expectations, you are willing to take pains to refine it further.

The writer is true to himself, with a soundness of character that signifies a high level of integrity.

He is highly principled with a strong appreciation for right and wrong.

Guided by his principles and ideals, he is not afraid of being disapproved by others. He wants to make a good impression, but it is not an overriding concern for him.

Standing firmly by his beliefs, he stays loyal to the people and philosophies that he adopts.

A strong sense of self allows her to stand firm in the standards and principles that have been with her all her life.

In your personal life, you have your own code of ethics which may or may not conform to other people's mind-sets; but you make your commitments and stand by them.

There are times when you feel like resisting efforts to change your basic ideas, attitudes, outward behavior and mental approach.

If the matter is important enough, you will resist others in order to maintain your own integrity.

Without a strong sense of commitment to established values and ethics, this individual's loyalty to the company and its people will be short-lived.

Being governed by one's own thinking and concerns puts this applicant's loyalty to the company and its people second in line.

Dishonest behavior is often rooted in fear. One may be afraid of not being accepted, or of criticism from someone they care about.
