

INTUITIVE

Synonyms: instinctive, involuntary, spontaneous, insight

While she doesn't have a lot of patience to sit and listen to a long, complicated scenario, she is quick to grasp the core difficulty and use her intuition to come up with the right answers.

Listening for the gist of the conversation, she ignores all the extraneous material.

Even before the person instructing her has finished their explanation, she is already miles ahead, mentally figuring out how the new information will fit in with what she already knows and what she has to do.

It seems as if you scan the environment, ready to pick up on anything that might be helpful. You know you can trust your instincts and often go with your gut reaction.

Working with bursts of energy, she follows her inspirations.

Intuitive, he is quickly able to grasp what is needed in a given situation.

Highly intuitive, you seem to have a hidden antenna that scans the environment and produces information that you can use to increase your store of knowledge.

Intuitive in your thought processes, you trust your instincts and often go with your gut reactions. However, you like to take the time to back up your first impressions with facts and data. More often than not, find the information gleaned through your intuitive processes was correct.

A quick, intuitive thinker, you go with your gut reactions. You follow your instincts without question and have an awareness of what is going on around you as if there was an invisible antenna in your head.

Your intuition helps you get a ready understanding of what is going on with other people and relate to them on their own level.

You are a quick thinker with good judgment. It's natural for you to

tap into your intuition and sum up people or situations fast and easily.

Her intuition is good and many times will help her make the correct decision, even though all the pertinent data is not available.

A natural ability to perceive the essence of an idea allows him to take quick action.

Good at playing his hunches, he uses intuition to sharpen his decision-making skills.

Having learned to trust her hunches, she makes instinctive decisions, knowing with some certainty that they are right for her.

She seems to have an uncanny sense of what is going on, the moment she enters a room.

Picking up on the thoughts or feelings of others, some may accuse him of having a hidden antenna that provides a special insight.

Acutely aware of what is going on around him, he never misses a verbal cue. He is astute in noticing when someone makes a mistake or is redundant in conversation.

While you are extremely perceptive, you may find yourself getting correct insights, but making wrong conclusions about them. You need to slow down a bit and consider all the facts before reaching a judgment.

She is alert to the happenings around her, but still manages to concentrate on what she is doing.

You are exceptionally bright and gifted. You can almost instantaneously size up a situation that other people would have to laboriously figure out, step by step.

Intuition guides your versatile mind. You seem to have an extra sensory apparatus which helps you to know things without knowing how you know.

When using your intuition you are able think in whole concepts,

rather than in a systematic order.

She may lack that sixth sense of perceiving without evidence of rational thought--intuition.

His "hunch power" creates awareness of possible pitfalls.
