

## OPEN-MINDED

Synonyms: broadminded, interested, receptive

Curious and questioning, her mind is like a dry sponge that falls into a puddle of water. It's as if she can't get enough information about anything.

Open-minded and receptive to the viewpoints of others, you can take their suggestions and elaborate upon them through your abundant imagination.

Despite his strong tendency to debate issues, he is open-minded and willing to listen to and consider the views of others.

His openness to viewpoints from others will enhance his ability to consider their ideas and suggests in the decision-making process. Nevertheless, he is independent and not easily persuaded to change his mind unless thoroughly convinced others have a better way.

Committed to a wide array of interests, he is willing to consider any suggestion that might have the slightest merit.

Her openness to new ideas is like a refreshing breeze on a hot day.

Refusing to be limited by traditional standard operating procedures, she opens her mind wide to embrace a multitude of alternatives and options.

Her receptive attitude allows everyone to provide input and know they will get a hearing ear.

His openness to everything around him suggests someone who is very aware of people and their feelings.

Because he is open-minded, he more easily able to adapt than one who already has his mind made up, even before he hears the options.

She is so open to new experiences that there is a tendency for her to waste too much time thoroughly exploring all the options.

He can be a bit naive in his openness, as he fails to filter out some of the negative input that flows through his head.

You are inconsistent in the way you view other people's ideas. Sometimes, you completely embrace another's opinion, while at other times you stand off with your arms locked close to you, impervious to what they have to say.
