

PRIDE

Synonyms: self-respect, arrogance, conceit, vanity

It is important to her to be looked up to with respect, so Anne works hard at developing her competence in whatever area she takes on.

Whatever he does, he wants to be well thoughts of. Because his personal achievements give him his sense of self-worth, he is likely to work hard in order to be viewed as proficient. Making a mistake or using poor judgment is likely to leave him feeling depressed and unhappy.

He tends to see himself as all-powerful and larger than life. While others may subscribe to that view on a first meeting, later they find there is not enough substance to back it up. His grandiose plans, although he has plenty of energy to carry them out, may be just too unrealistic.

He enjoys being recognized for his skills and talents.

Independent and autonomous, you make your own rules. Your sense of pride prompts you to do your best at all times, so that you will be seen in the best possible light.

Pride and dignity add to his sense of self worth.

You have a strong sense of pride that prods you always to give of your best.

You are not the type to tolerate sloppiness or chaos in your environment and, even though you are very flexible, maintain a high standard of performance that you are unwilling to compromise.

He is extremely proud, to the point of vanity. Because of his unmet need for approval, he tends to over-compensate by self-approval, or by projecting an unrealistic or elevated estimation of himself.

He derives great satisfaction from doing a good job or serving his customers well.

Self-conscious and sensitive to criticism, he conducts himself with

pride and dignity.

His profound sense of pride prevents him from placing himself in a bad light.

His pride makes him unwilling to accept failure without first making an attempt to succeed.
