

Reflections

Implications

....pathological narcissism...

....arrogance...

....self-centeredness....

....grandiosity....

lacks empathy for others....

....uncertainty about their body image....

....unable to reliably and realistically identify the difference between themselves and others....

....empty, stunted, vacant, vacuous, meaningless, blank, barren, destitute, pitiless, and idle lives.

....devoid of enduring commitments and relationships.

....reflects the emptiness of the narcissist....

....incapable of loving another human being....

....the love of themselves block loving another person....

....loves no one other than themselves....

....cannot look beyond their interests....

(Gacono 1994, p. 234)
